

PRODUCT DESCRIPTION

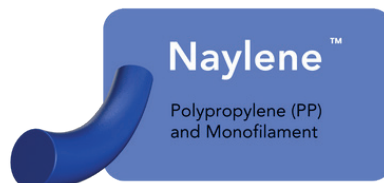

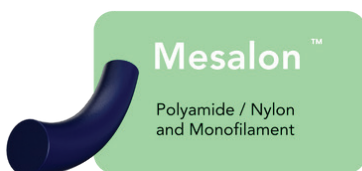

- dSUCI is a brand name for Surgical Suture.
- It is a medical device used to hold body tissue together after an injury or surgery.
- Muzamal Industries Sdn Bhd produces dSUCI synthetic and natural surgical suture for both absorbable & non-absorbable range with its in-house machines, equipment and facilities since 2008.
- dSUCI suture is intended for use in all surgical procedures, at the user's discretion. It is available in a range of gauges sizes (USP/EP) and lengths of thread attached to stainless steel needles of different sizes and shapes.
- dSUCI is manufactured according to international standard United States Pharmacopeia (USP) and European Pharmacopeia (EP).
- dSUCI certified Halal by JAKIM (for product Mesalon & Naylene).
- dSUCI is registered with Medical Device Authority of Malaysia under ACT 737.
